WORK EXPERIENCE

2013 - 2013

Logicom Group

Credit Analyst, Nicosia

(Four months) Internship where I used different metrics to evaluate credit value, including regression, and more probabilistic models. This was concluded with a presentation to the economic director and financial analysts.

2012 - 2012

EU council(during the presidency of Cyprus)

Multiannual Finance Framework Analyst, Brussels

The job included modeling of various standard metrics such as GDP as well as the impact of budget changes to policy items on specific countries. Included working on details of the common agricultural policy and cohesion policies.

2011 - 2011

Hanya Investment Consultants

Business Analyst, Beijing

Website translation (English/French).

Negotiated/Translated contracts with english speaking clients.

Applied some forensic accounting techniques on Excel, (Benfords Law).
